# HOOKAH

*A revolution in vape technology*

The world's first electronic shisha device, bringing together outstanding performance and usability. Offering users the same 'bubbling water' experience beloved of conventional hookah pipes, the c2 Hookah can support 2 simultaneous users, benefits from variable power control for a fully customizable vaping experience, and uses pre-filled pods for quick, hassle-free refill.

**Removable  
battery**

**Battery  
8000 mAh**

**Fast Charging  
USB-C**

## BATTERY

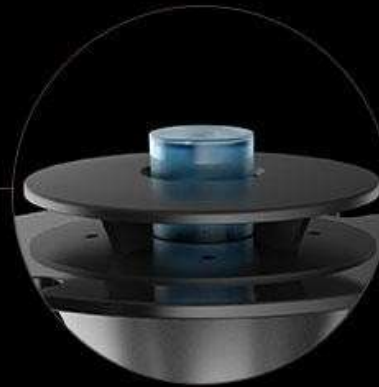

*A new approach to vape  
battery technology*

Designed with user-safety as a primary concern, its powerful 8000mAh removable battery offers staggeringly fast charging capability thanks to its USB-C connection, and an LED battery life indicator ensures that users can monitor their power levels with ease.

# PODs

*French aroma and flavors*

Premium French flavorse-liquids for maximum enjoyment of hookah smoking, anywhere and anytime. Quick replacement and security thanks to functional design from a wide range of selections. Nicotine-free e-liquids.
